WORK EXPERIENCE

Risk Management International, LTD.

Port Washington, NY

Administrative Assistant

2014 - 2020

Technologies: Microsoft Access, Outlook, Excel, Publisher, Powerpoint, and Word

- Owned database inputs and documentation for the day to day management of a \$30 Million dollar insurance portfolio in order to provide consistent and reliable data to senior consultants and VP
- Created a custom advertising campaign including decals and pamphlets that led to a 10% increase of door inquiries and conversion to new clients
- Aided Chief Operations Officer with departmental related tasks such as scheduling, creating meeting agendas, and managing office calendars through Outlook
- Oversaw the office internship program by organizing and delegating tasks from consultants, onboarding new interns, and managing their workflow and schedule as needed
- Crafted guides and documentation on office procedure and software to improve and standardize intern and new hire onboarding processes

PROJECT

Scordid

[Live Site](#) | [GitHub](#)

Technologies: Ruby on Rails, PostgreSQL, React.js, Redux, HTML, CSS, Heroku

- Single-handedly built a single-page Discord clone as part of Bootcamp Capstone.
- Constructed a Ruby on Rails backend and React.js frontend with an Action Cable chat component, creating a seamless real-time chat experience for users
- Implemented RESTful routes for login and signup, leveraging BCrypt for password hashing, allowing for easy account creation
- Created full CRUD functionality for server owners to create, update, and delete both servers and channels within servers

EDUCATION & CERTIFICATION

St. John's University

Queens, NY

Bachelor's of Science in Legal Studies

May 2014

- Lambda Pi Eta Rhetoric Honor Society
- Certificate of Excellence in Public Speaking

App Academy

12/2020 – 04/2021
